

# ITC MIDWEST LOCAL GOVERNMENT AND COMMUNITY AFFAIRS

## AREA MANAGERS

Local Government and Community Affairs Area Managers work with local city councils, county boards of supervisors, township officials, natural resources districts, chambers of commerce, economic development boards, department of transportation staff members and others to coordinate ITC Midwest communications, work activities and transmission system projects.

# ITC MIDWEST LOCAL GOVERNMENT AND COMMUNITY AFFAIRS PERMITTING SPECIALISTS

Local Government and Community Affairs Permitting Specialists work with state, county and local officials to ensure good working relations and consistent communications during capital and maintenance projects. Permitting Specialists obtain all necessary permits once local governments approve ITC Midwest projects. Permitting Specialists help ensure ITC Midwest crews and contractors adhere to local, county, state and federal regulations. Permitting Specialists maintain accurate project records and renewals for permits, working with local government officials to address any concerns.
